

AUTO MERGER HITS A SNAG

Mystery Surrounds the Cause of Failure To Close Deal.

New York, June 15.—The \$225,000,000 automobile combination, which was being put together by John N. Willys, president of the Willys-Overland company, L. G. Kaufman, president of the Chatham and Phoenix National bank, and W. C. Durant, president of the General Motors company and the Chevrolet Motor company, fell apart with great suddenness this week. The decision to drop it was reached after a series of meetings that lasted through most of the day and half the night Tuesday, and was made known in the following brief announcement:

John N. Willys, president of the Willys-Overland, has authorized the following statement:

"Because of complications, the proposed motor consolidation has been abandoned. Therefore, the Willys-Overland company, Hudson Motor company, Chalmers Motor company and the Auto-Lite company will continue to operate independently."

"All subscriptions in connection therewith are accordingly canceled. The application for participation in the underwriting was very largely in excess of the amount of stock which it was proposed to syndicate, which amount was also fully covered by advance subscriptions, after allowing for stock withdrawn from sale."

THIS CHAUFFEUR IS HARD MAN TO "FIRE."

E. L. Cameron is the pioneer automobile dealer for Dallas. He has a faithful old darky who has been in his employ since the days of one-cylinder automobiles.

The darky was reprimanded because of carelessness which ended in Mr. Cameron ordering him discharged. Toward evening he slipped up to Mr. Cameron and exclaimed: "No sirc, I ain't going to leave! I don't start with you and I'm done going to finish with you!"

NEW MOON CAR IS NOW IN THE CITY

The first of the new Moon models reached the Pioneer Motor company on Friday and goes on the display floor this afternoon. The new car is of sturdy build, a seven passenger model, and nicely finished in genuine natural color leather.

The motor has not yet been given a thorough test here but the car comes to El Paso with the reputation of being one of the most powerful cars on the market.

The ordinary cost of a Want Ad in The El Paso Herald is 25 cents. It reaches an average of about 100,000 readers each issue.

For quick results—Use Herald Want Ads.

Quick relief

Quick relief from excessive tire troubles by equipping with Savage Tires and Grafite Tubes.

Extra plies of fabric—additional assurance against blow-outs. A special cushion of high-grade resilient rubber to absorb road shocks. Every tire well made of good materials throughout.

The new Grafite Tube is distinctively good too. Each Savage Tube is guaranteed for life. Savage Tubes in Savage Casings certainly do relieve users from tire annoyances and dangers.

LIGHT BRISCOES ARE NOW ON WAY

Announcement was made by the Pioneer Motor company on Saturday morning that a carload of the long-expected Briscoe "24" touring had been shipped from the Jackson, Mich., factory. This new model was announced some time ago but shipments were held up by a shortage of material.

When J. L. Creel read the message that the cars were finally en route, he declared a holiday for the Pioneer staff. "I had promised before, but now I know that the cars are actually coming," said Mr. Creel.

Velie TRUCKS

WORM GEAR DRIVE

Model 25, 1 1/2 Ton, \$2250
Model 26, 3 1/2 Ton - \$3350

Values-Service

That Count Big With Every Experienced Truck User

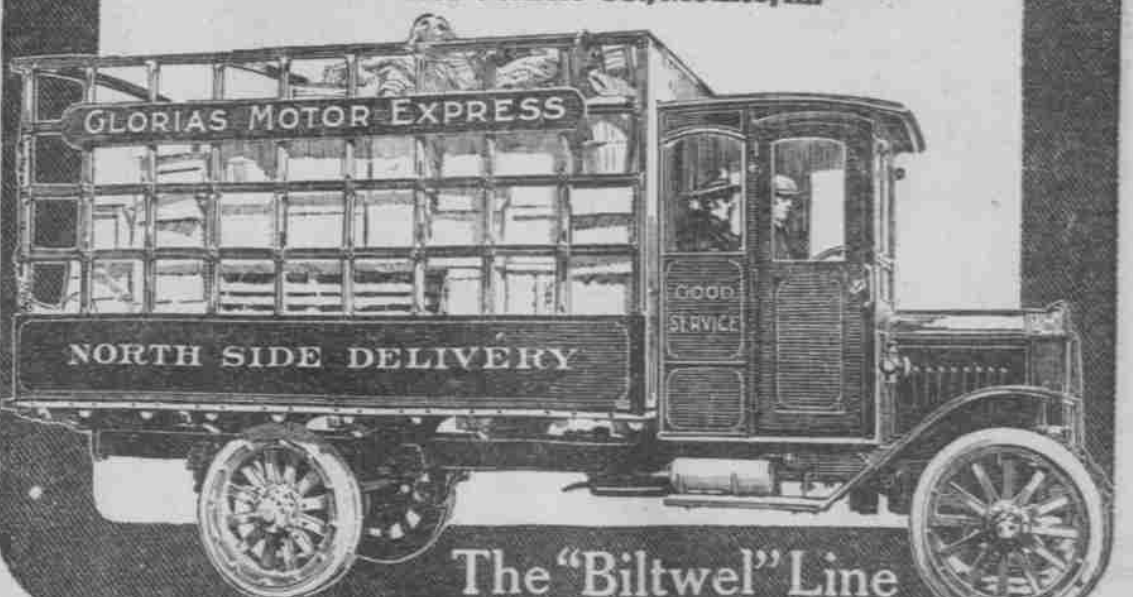

MANY years of the hardest kind of service—in every line of transportation—have shown the stuff Velie Trucks are made of—the enormous service they are capable of. And back of all this is the Velie prestige which experienced owners know. Half a century of manufacturing experience and the untarnished reputation of one of the most substantial organizations in America. This spells Responsibility, Satisfaction, Economy, and accounts for the good name of the Velie everywhere. It explains why a great factory has to be devoted entirely to the production of Velie Trucks.

Two sizes: Model 25, 1 1/2 ton, \$2250; Model 26, 3 1/2 ton, \$3350. Both Worm Gear Drive. Heavy-Duty Continental Motors. Four-Speed Transmission. Extra heavy, heat-treated, pressed-steel frame, unusually heavy springs, large wheels and powerful brakes. Driver's seat and cab included with chassis. Gas headlights and Prest-O-Lite tank besides the regular oil lighting equipment. Ask for full descriptive literature.

We are prepared to make a liberal deferred payment arrangement if you wish. Full stock of parts. Service day or night. Advice of our transportation experts—free—for the asking.
